14:00 **SESSION 4: FOCUS ON SAFETY**

Session Moderator:
Paul Gooch, Director, The Logical Group

Session Objective:
To review the different initiatives being undertaken by ITCO members to encourage and promote the safe use of tank containers. Each speaker will explain a best practice safety procedure implemented in their company

- **Operator** – Safety procedure for vetting tank cargo / or safety training procedures within their company / or safety procedures when instructing contractors – trucking company / service providers.

*Roger Gloor
Deputy Head of Technical Department
Bertschi AG*

- **Insurer** – What an insurance provider can do to promote safe tank operations: knowledge of insured risk, advice on operational and contractual aspects in relation to insurance cover.

*Michael Yarwood
Managing Director Loss Prevention
Through Transport Mutual Services (UK) Limited*

- **Service providers** – Safety procedure implemented in depot for working on top of the tank and entry into the tank.

*Lawrence Vandersteen
QESSH Manager
Van Moer Logistics*

- **Inspection company** – Training inspections in safety procedures for working in third party premises eg depots. How they train persons for entering a tank – how they train persons for issuing tank cleaning documents including entry permits.

*Simon Rupert
Head of TLS
Bureau Veritas Industry Services*

*Benjamin Reinke
Technical Manager
Bureau Veritas Industry Services*
